Gorgeous retro art deco style shades complete with flapper dress style long fringe are enjoying a revival in interiors.

Join lampshade maker, author of best-selling book Sewing Lampshades and teacher Joanna Heptinstall at the Lampshade School for a creative and industrious day where you will learn to make your flapper-style lampshade using your own fabric choice.

On this wonderfully rewarding one-day course, you'll learn the core techniques taught to a professional standard and will take home your own impressive handmade shade... and the skills to make many more.

In order to make this class possible in one-day, students will be provided with a shade frame that is suitable for learning on. We usually have a choice of 12in or 16in shade, in the style shown in the photo. If you have a shade that you would really love to start making as soon as you get home, do bring it along to the class. Your tutor will be able to offer tips and suggestions so that you go home full of confidence in your new skills.

The course

There are a lot of new skills to learn on this busy, lively course – but it's great fun and you'll be fuelled by plenty of tea, coffee and a full biscuit tin.

Your tutor will break the process down into achievable stages. You will learn how to bind a frame, then fit a hand pleated lining. You will then cut and fit your own top fabric, tensioning to give a beautifully smart and professional finish. The final important detail is attaching quality fringe trimming and matching gimp braid.

It's an ambitious day, packed with information, but that makes it all the more rewarding. We always have great fun too and everyone ends up proud of their lampshades.

What is provided

- • A 12in or 16in deco style lampshade frame with plain rings
- • 15cm or 20cm fringe trimming and matching gimp braids in shades of ivory or oyster, which are suitable for almost all choices of fabric
- • Binding tape and suitable cotton linings in shades of white
- • Pins, scissors, specialist thread and glue
- • Sewing machines
- • Tea, coffee, cold drinks and snacks are provided throughout the day

What to bring

Choosing your own fabric is one of the most enjoyable parts of the process, so we invite our students to bring their own top fabric.

Suitable fabrics for this lampshade are lightweight cotton or linen, or silk dupion. Patchworking cotton is ideal, affordable and lovely to handle. Avoid heavy fabrics, pile fabrics, stretchy, textured and embroidered fabric. If in doubt, bring a choice. 1m of top fabric will suffice. We provide plain white and ivory lining fabric.

And don't forget:

- We have sewing machines and plenty of pins but do bring your own sharp fabric scissors and a general sewing kit. It's a good idea to label your things so they don't get muddled up with all the others in the workroom.
- Camera or smartphone (to capture the best bits...)
- A notebook and pencil (...to write down the important bits)
- Consider comfy clothes and sturdy shoes. It's a big, airy, spacious workroom with a concrete floor in a breezy rural site. In summer it's lovely. In winter, we have strong heating but it's worth packing extra layers just in case.
- Something for lunch.
There's a microwave, sink and kettle in the kitchen area and the village shop is a three-minute drive away. There's usually a 'lunch dash' for those who need something.
Many students are keen to crack on with their projects so take a short-ish lunch break in the workroom.
- Take as many or as few breaks as you want. We want you to achieve what you want but it's meant to be relaxed, informal and fun too.

Timetable

We need some undisturbed time to set up the class first thing. Then you are welcome to arrive from 9.10am onwards. Classes officially begin at 9.30am and finish at 5pm.

Parking

The course is held at the workshops of The Lampshade School in Wiltshire. The address is Holt Holdings, East Lane, Holt, Wiltshire, BA14 6QU.
